

This game is designed to test each players vocabulary specifically regarding body parts above the neck

Instructions

- Print out all the pages in this pdf.
- There are 10 unique bingo cards attached and chips with the word “Japanese” in Hiragana. Print enough chips to match each player and/or board being used for the game.
- Call each word in English and have the players use the “nihongo” chips to cover up the words written in Japanese (romaji)
- The person with 5 words covered in a row wins. The row can be vertical horizontal or diagonal.
